## ABOUT US

For over 20 years, we've been loyal to one thing – you and creating a day you will never forget. We were “officially” founded in 2015 by Loyal and Nicole Martinez. After spending years in the entertainment world, we finally decided to go “all in” on weddings and events. We can genuinely say that was the best decision we've made to date. Seeing the joy on hundreds of faces week after week not only keeps our tank full, but it keeps us striving to be masters of our craft and leaders in our industry.

We do more than play music. We're charismatic entertainers who know how to excite and energize a crowd. Music has a way of setting the mood and enhancing the atmosphere, like few other things in this world. This is why we're so passionate about creating the perfect soundtrack for the biggest day of your life.

We do more than capture your day on camera. We have a way of evoking deep emotion by capturing the most authentic moments, both in photographs and in film. This allows us to put together a timeless documentary of your day both on film and through priceless images that will bring you to tears for years to come.

Don't forget that we're also a one-stop-shop for multiple other wedding and event needs. Specifically, in addition to DJ services, photography, and videography, we also offer live music, event bands, photo booths, dance services, audio guest books, balloons, rentals and more! What sets us apart is that our entire A-team is a genuine, loyal crew, meaning we NEVER subcontract out. Our team is our family and we have no doubt you'll feel like family too. Our whole crew works together flawlessly, creating a stress-free planning process and, even better, a stress-free wedding and event day!
